Medical Providers

1. Wellspan Health

- **Online Registration:** www.MyWellspan.org & go through your patient portal – or – register for a MyWellspan Account to sign up for an appointment.
 - **Go to appoint drop down menu**
 - **Select schedule appointment**
 - **Scroll to find COVID-19 vaccine (it may say 1st dose) & click**
 - **Follow prompts from there to fill in information and schedule appointment**
- **Telephone Assistance:** Call 866-638-1842 (If you need assistance with your MyWellSpan account, contact customer support Mon - Fri 8:00 a.m. to 8:00 p.m. / Sat 8:00 a.m. - 12:00 p.m.)
- **Patients *without* a WellSpan primary care provider or who do not have a MyWellSpan account, can schedule through the **COVID-19 Hotline: (855) 851-3641.****
- Due to the high demand for the COVID-19 vaccine, hold time for call to the COVID-19 Hotline and primary care provider offices will be longer than usual.

NOTE: If you do not qualify in the current vaccination Phase:

- Please sign in to your MyWellSpan account and register your interest in the vaccine by completing the MyWellSpan "COVID-19 Vaccine Interest Questionnaire." You will be notified when scheduling is activated for your Phase.

2. University of Pittsburgh Medical Center (UPMC)

Webpage and phone line where eligible individuals (per state requirements) can put themselves on a list to receive a COVID-19 vaccination from UPMC. If you or someone you know needs a vaccine:

- Online Registration: vaccine.upmc.com
- Telephone Registration: Call 844-UPMCVAC (**844-876-2822**) between 7 a.m. and 7 p.m., seven days a week. (This is ideal for those who have limited access to online services or technology – like a computer or smartphone – or they need assistance in registering. An operator will register them over the phone, and then they will be contacted about scheduling an appointment when vaccine is available.)

NOTE: We expect high call volume on our phone line. To keep the phone option open to those who need it most, we encourage people to use the online registration process if they can. The webpage also includes a link to the state's eligibility requirements.

UPMC (cont.d)

Vaccine supply from the state and federal government is still limited, but by registering now we will be able to contact them about scheduling an appointment when vaccine is available. Please be patient – we want to vaccinate as many people as possible and will do so quickly once we receive vaccine from the Commonwealth of Pennsylvania. There is no other way to get vaccine other than the Commonwealth and vaccinating the public will take weeks to months for most, not days.

3. Penn State Health (Hershey Medical)

- Online Registration: <https://vaccine-scheduler.pennstatehealth.org/s/>
- Telephone Registration: 844-774-8883

4. Family First Health Patients

Their practice indicated they will soon be calling their patients with appointment times.

NOTE: During this time, it is a good time to always answer our phone and not screen or let the call go to voice mail. Some providers may not leave a message but go to the next person on their list.

I Need a Ride to My Vaccination:

Transportation to your COVID-19 Vaccination

If you have an appointment for a COVID-19 vaccination & need a ride, the following are offering free transportation:

- CAT – call 717-233-5657
- RabbitTransit – call 800-632-9063

NOTE: Reservations must be made by 12:00 p.m. (Noon) the day before your vaccination.

Items to Consider:

1. How far are you willing to travel to get the vaccine. (i.e. availability might be 2 hours away)
2. Be ready to provide basic demographic information to speed up the registration process & ensure you don't miss a time slot searching for information. Items to have ready:
 - name
 - date of birth
 - address
 - phone #
 - insurance information
 - possibly social security number (or last four digits)
3. If registering online, it has been suggested that if multiple times are available you select a time in the middle of the pack, as people tend to select the first available one and by the time they submit their information the time is no longer available.
4. Most pharmacies are not handling the registration – they are only administering the vaccine after individuals register online. It is a good idea to check with your pharmacy via phone and their website to see if they are currently or will soon be administering the vaccine – and – their registration process.
5. **Keep checking back as more dates will open as more doses are received in the area.**
